

Kabetogama Township's Vision for the Future

The Kabetogama Township has an economy based primarily on year round tourism and recreation. Therefore, the township will support and encourage growth and development that is compatible with the rural north woods setting of the Kabetogama community. To work towards obtaining balance of commercial businesses, residential homes and recreational opportunities while promoting sustainable use of the forests and Kabetogama Lake.

Kabetogama Township will work in concert with Voyageurs National Park and other government agencies to create a community shaped from the shared vision of all its citizens.
