

International Rainy-Lake of the Woods Watershed Board's Water Levels Committee to host virtual public information session to provide an update on basin conditions

March 27, 2023 International Falls (MN) / Fort Frances (Ontario)

The [International Rainy-Lake of the Woods Watershed Board](#) (IRLWWB) Water Levels Committee (WLC) will host a follow-up virtual information session on Tuesday, April 11, 2023, at 7:00 p.m. CDT.

This information session will include an overview of current conditions and weather forecasts the WLC is considering in its Spring Regulation Plan, as well as an opportunity for the public to share observations of spring developments in the basin. Anticipated topics for this session include status of average snowpack throughout the basin, precipitation and temperature forecasts.

The WLC initiated a [Spring Regulation Plan](#) on March 10 and continues to monitor conditions ahead of the spring freshet.
